

Chiswick Challenge – Map of Chiswick School

Here is a map of Chiswick School.

In Geography we use maps to find places. We use Grid references to find places. To do this we:

Along the corridor and up the stairs

E.g. Grid reference 21 27 – we go along the bottom to 21 and up to 27. Joining them up we find the Canteen.

Using Grid references, what do you find at the following Grid references:

1. 02 24 - _____
2. 11 24 - _____
3. 15 29 - _____
4. 17 23 - _____
5. 08 28 - _____
6. 05 17 - _____
